

# Cato Board

(\$115)

The Cato Board was designed specifically for place training but has been adapted for many different purposes. It comes with a rubber surface. The rubber is easy to sanitize and keep clean.

Cato Board Features Include:

- High-traction surface (rubber) that that is safe and comfortable for dogs
- Incredibly durable - will not crack or chip
- NO TIP design - even the most rambunctious dogs won't cause the Cato Board to flip up on its side and ultra-stable on uneven terrain
- Non-absorbent, molded design with integrated water drainage built into the surface
- Stackable for easy transportation
- Air-flow underneath to reduce damage to grass
- High-grip rubber feet for hard surfaces - it WILL NOT slide on wood, linoleum, tile, concrete, or other smooth surfaces
- Weight: Rubber surface: 7.25 LBS
- Dimensions: 16" wide, 24" long, 3.5" high

**Colour Options:** Blue, orange, green, yellow, teal, purple and white

## Cato Plank and Optional Tilt Stand

(\$135-170)

The Cato Plank with the optional Cato Tilt Stand is a great tool for a variety of training and development applications. When used as a platform, the 12x36" size works great for clean fronts, crisp downs, etc.

The Cato Plank is also designed to be used with the optional Cato Tilt Stand. This Tilt Stand transforms the Cato Plank from a stationary platform into a multi-function training tool. The Cato Tilt Stand can be used to turn the Cato Plank into a multi-height teeter that has settings for 2", 5" and 10". These height gradations mean that even the most timid of dogs can learn to enjoy making the teeter move. The teeter configuration is excellent for transitioning agility training to a full-sized teeter, canine fitness, and puppy proprioceptive development.

The Cato Tilt Stand can also be used to turn the Cato Plank into an incline board. The steepness of the incline can be adjusted using the settings on the Cato Tilt Stand, or for a steeper incline, the Cato Tilt Stand can be placed on additional Cato Planks/Boards.

Specifications:

- Cato Plank Weight: 9.6 lbs
- Cato Tilt Stand Weight: 2 lbs
- Dimensions: 12" wide x 36" long x 3.5" high
- Surface: bi-directional non-slip rubber
- Feet: 12 non-slip rubber feet
- Construction: HDPE that has been specially formulated for strength and stiffness

**Configuration Options:**

Colour: teal, yellow, purple  
With Tilt Stand
